Herefords & SimAngus

7th
ANNUAL
Bull Sale
1:00 PM | FEBRUARY 6, 2021

Welcome!

JMF

Herefords & SimAngus

"Breed 'em how you like 'em," was advice given to us by a good friend of ours when Makayla and I first started and we haven't forgotten it! We like our cattle sound, moderate, very deep, and efficient - and we won't trim feet. We like using proven bulls whose daughters have calved. But more importantly, we always breed cattle with the commercial cow/calf industry in mind. Bulls that sire vigorous calves at birth and stout, heavy calves at weaning time. We expect them to do so for us and we expect as much if not more for our customers. We do not chase fads or try to make the next great one. Consistency is what we work towards.

We have always placed a great deal of time and effort to design the cow herself. Our target is to maintain a cowherd of registered, super functional females as a foundation to the bulls we offer. We graze as long as we can and we feed an economical winter ration - usually consisting of cornstalks, silage, and DDGS fed through a TMR.

By incorporating Hereford genetics to your commercial program, you can take advantage of Heterosis - hybrid vigor - and add pounds to your calves. F1 replacement heifers are second to none for quality, and that baldy face can add value to calves at market time - and add to your bottom line. Take it a step further and put that baldy cow on a Simmental bull. A cross that will not be disappointing!

The bulls on the sale cover many angles of the business. Calving ease, maternal, functional, and performance describe this set of bulls very well. They were weaned the first part of October and are currently on a TMR ration consisting of silage, grass hay, cracked corn, modified DDGS, and a protein pellet. All bulls are on a complete vaccination program.

If you are not able to attend the sale, we have phone bidding available on sale day. Please contact myself or Makayla to be registered. Videos of the bulls will be available on our website and Facebook by mid-January.

I want to thank my family for the amount of effort they put into this event every year. Makayla takes putting the catalog together very seriously and does a first class job. I feel very lucky to have a family that loves my passion as much as I do. I am thankful for that! I hope to visit with you or see you on sale day. If you have any questions, please feel free to reach me at 320-413-0483, or Makayla at 605-690-6050.

See you on Sale Day!

TERMS AND CONDITIONS

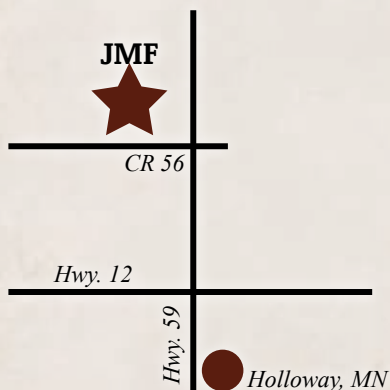

Terms of the sale are cash. All lots are to be paid in full at the conclusion of the sale. Absentee buyers are to pay within 2 weeks of the sale. If you choose to haul your bull home on sale day, we will credit you \$50 per bull for the semen exam. Mail or email us a copy of the semen exam certificate - once completed - to receive your credit.

WINTERING, BULL DEVELOPMENT, INSURANCE

Yearling bulls are able to stay at JMF until April 15, 2021 at no charge. They will then have their semen exam, receive pre-breeding vaccinations and be ready for pickup or delivery. We do ask you take possession of your bulls at this time. After April 15, yardage will be charged at \$5 per head/day. **Aged bulls have already passed their semen exam and we ask that you take possession of these bulls at your earliest convenience.** Cattle left at JMF will be at buyers risk immediately following the sale. We strongly encourage buyers to purchase a mortality insurance policy for any animal(s) left to be wintered. Please let us know if you need a contact for insurance and we would be happy to assist you with that.

DIRECTIONS

Located 4 miles north of Holloway, MN on Highway 59, turn west on County Road 56. JMF is the first place on the north.

GUARANTEE

All yearling bulls will have passed a breeding soundness exam prior to pick up or delivery on or after April 15, 2021. All aged bulls have passed a breeding soundness exam prior to the sale. In addition to the standard Term and Conditions of the American Hereford Association and the American Simmental Association, we will provide the first breeding season (the 90-day period immediately following turnout) guarantee on all bulls. This guarantee is not an insurance or mortality policy, but a guarantee on functional fertility. It is not a substitute or replacement for poor management. Buyer assumes all risks for injury due to running bulls together or management decisions outside genetic control. For the guarantee to apply, we ask that you contact us as soon as a condition is observed and before the animal is sold. We will work with you to determine whether the animal is returned or sold for slaughter. We will attempt to provide a suitable replacement. If one cannot be provided of equal or greater value, we will issue a sale credit to be used in a future sale for the full purchase price less the salvage value of the animal.

**For the guarantee to apply on bulls that were hauled home on sale day, you must provide a semen exam certificate. If a buyer hauls bulls home sale day and chooses to not semen test bulls prior to turnout -the guarantee does not apply.*

SALE FORMAT

The sale offering will sell in a bid-off format. If interested in a lot(s), sign up to receive your bidder card. Bid-off will begin at 1:00 pm. Each lot will open with the base price that is listed in the catalog. Simply raise your bidder card to bid. Please keep your card in the air for as long as you wish to stay in on the lot. We will raise the bid in \$100 increments until there is only one bidder card remaining in the air. All lots are to be paid in full at the conclusion of the sale.

****Please ask with any questions on the sale format.**

BASE PRICES

Base prices are listed for each lot. This is the value the bidding will begin at for each animal.

VIDEOS

Videos on the sale offering will be available mid-January at: www.JMFHerefords.com.

EPD'S

EPD's current as of 12/26/2020.

SUITABLE FOR USE ON HEIFERS

JMF Herefords and SimAngus is calling certain individuals "Suitable for use on Heifers." This means we have evaluated, to our best ability, to select bulls that we feel you will have the least amount of trouble and the most amount of success in breeding your heifers. However, this is not a guarantee you will never pull a calf out of these bulls or never have trouble. Know your operation and know your cattle while selecting bulls.

ABSENTEE BIDDING

If you would like to place a bid but are unable to attend the sale, please call any of the Sale Day Contacts to place a bid or to be on the phone sale day. We will accommodate you in any way we can.

DELIVERY

Free delivery on all bulls within a 200-mile radius of the sale. In the event you have a further distance to travel, we will assist in the coordination of your animals' delivery.

733E was brought back to the sale from a dispersal. He was sold through our 2018 sale. The 94T cow line has never disappointed us through longevity, maternal, and fleshing ability. Use him to inject that into your cowherd while making some industry demanding baldy steers in the process. 733E was exposed to cows for the 2020 breeding season and has been Trich tested negative. Pulled off cows December 15, 2020.

We have bought three bulls from Jared and Makayla. We haven't had them very long, but we are extremely satisfied with their calves.

**THESE BULLS HAVE Sired SOME FAST-GROWING STEERS,
 AND THE HEIFERS ARE GOING BACK INTO OUR HERD.**

We can't wait to see the calves out of these heifers this spring! The Flowers are great people to work with and have gone out of their way to help us. They sell good quality bulls, and they will stand behind them.

This farm is more than
cattle and pasture...

The girls on nice fall day.

152A and 043H on summer pasture.

Too short to mark cows? Nah...

Dad. Dad! Why? Hey Dad! Dad...

If only we knew what they really think!

We enjoyed a summer trip to the zoo.

Meeting a new momma and baby.

Mother's Day spending time together.

We sure appreciate all your help, Joe!

Ty caught napping on the job :)

Moving cows.

The kids enjoyed halter breaking a few heifers.

Jaelyn's first beef project for 4-H.

Smiley girl checking cows with Dad.

308A and 042H out on summer pasture.

Putting in the numbers.

Early November snow.

The JMF Family.

Preg-checking crew on snack break.

Moving cows home for the year.

The kids enjoyed bottle feeding a few calves.

Jaelyn and Izzy trick riding.

Hauling comstalks home.

Enjoying a beautiful November day.

...it's our family's
heritage and future.
